

**Certificate of Analysis**

**Name of Product:** SCI Powder  
**Batch Number:** BBB2492H  
**INCI Name:** Sodium Cocoyl Isethionate  
**BBE Date** June 2028

| Test                          | Standards/Methods         | Results  |
|-------------------------------|---------------------------|----------|
| Description                   | Powder                    | Complies |
| Colour                        | White/Off White           | Complies |
| Odour                         | Mild solvent – like odour | Complies |
| Active Ingredient Content (%) | ≥85.0                     | Complies |
| pH (10% aqueous)              | 5-6.5                     | Complies |
| Water Content                 | <1.5%                     | Complies |
| Sodium Isethionate Content    | <4%                       | Complies |
| Sodium Chloride Content       | <0.5%                     | Complies |
